## PROFILE

---

MCA student with hands-on experience developing full-stack and Android-based applications using MERN stack, ASP.NET technologies, and PHP-MySQL. Led and contributed to multiple academic and hackathon projects involving real-time alert systems, backend API integration, and database-driven architectures, emphasizing scalability, security, and maintainable code design.

## SKILLS

---

- **Programming Languages** C, C++ , PHP , Python, Android
- **Web Technologies** React.js, HTML5, CSS3, Bootstrap, JavaScript, JQuery
- **Backend Development** Node.js, SQL(Basics), ASP.Net MVC, .Net Core
- **Database Management** MongoDB, SQL
- **Tools & Platforms** Git, GitHub, VS Code

## PROJECTS

---

### 1) Collabify – Where Brands & Creators Collaborate – In Progress

- Collabify is a web-based Influencer Hiring System developed using ASP.NET Core MVC.
- The system allows brands to find influencers, create campaigns, send booking requests, manage approvals, and enable collaboration through role-based access for Brand, Influencer, and Admin.

### 2) SafeNaari – Women Safety & Security application (Android)

Team Leader / Team of 3 | Winner – CodeMonthan 2.0 Hackathon (AIMIS, 2025)

- Developed a comprehensive Android application focused on women’s safety, featuring real-time SOS alerts, location tracking, and emergency communication tools.
- Key functionalities include shake-to-alert SOS messages, live location sharing via SMS, audio recording for evidence capture, and emergency contact integration.

### 3) Nike E-Commerce Website (Full Stack Development)

Group Project (Team of 6)

- Collaborated in a team of 6 to develop a Nike E-Commerce Website enabling users to order essentials online with streamlined delivery and tracking features.

### 4) Online Pet Shop Management System (PHP)

- Built an online pet shop management system using HTML, CSS, Bootstrap (frontend) and PHP, MySQL (backend), allowing users to buy any pet.

## INTERNSHIP EXPERIENCE

---

### BlueBell CompuServe Pvt. Ltd | Current

- Worked on application development using the ASP.NET MVC framework
- Implementing backend logic using C#, developing database interactions with SQL Server through stored procedures, and integrating data access using Entity Framework.
- Handling CRUD operations, validating data, and supporting structured application workflows while following clean coding and best development practices.

## EDUCATION

---

**Master of Computer Applications (MCA)** – Ongoing (2024-2026)

Anand Institute of Management and Information Science, Gujarat Technological University

**Sem-1:** 8.60/10, **Sem-2:** 8.27/10, **Sem-3:** 9.32/10

**Bachelor of Computer Applications (BCA)**

2021-2024

Anand Commerce College, Sardar Patel University

**GPA:** 7.98/10

**Higher Secondary Education (12th)**

2020-2021

Kasturba Kanya Vidyalaya, Charotar Edu. Society, Anand

**Per:** 75.00 %

**Higher Secondary Education (10th)**

2018-2019

Kasturba Kanya Vidyalaya, Charotar Edu. Society, Anand

**Per:** 71.00 %

## ACHIEVEMENT

---

- **1st Place** – *CodeMonthan 2.0 Hackathon*, AIMIS Anand (2025)

## CERTIFICATIONS

---

- **Volunteer** | Oriana 2025, Anand Institute of Management and Information Science
- **Android Workshop** | Anand Institute of Management and Information Science
- **Secret Syntax Quest** – Oriana 2025, Anand Institute of Management and Information Science
